

AUSTRALIAN CAPITAL TERRITORY REMUNERATION TRIBUNAL

Statement Number 152

Commissioner for Public Administration – Working Hours

Background

In April 2004 the Tribunal reviewed the Commissioner's working hours given the considerable increase in workload associated with undertaking the Review of the Safety of Children in Care in the ACT and of Child Protection Management.

The Tribunal noted that the role of the Commissioner would continue to develop and that there would be other tasks pertinent to the Commissioner's role that would require attention on more than three days per week.

The Tribunal decided to increase remuneration and entitlements to reflect part-time employment based on four days per week.

An additional daily rate was also determined to enable the Commissioner to work up to a further one day per week as required (as requested by the Chief Minister or the Chief Executive, Chief Minister's Department on behalf of the Chief Minister).

Since Determination 143 was issued, the Secretariat has undertaken a review and has identified that the per diem rate was calculated incorrectly as a result of incorrect information being provided to the Tribunal.

Based on the annual remuneration of \$118,876 for four days a week, the daily rate should be \$570.

Tribunal Decision

The Tribunal decided that the error should be corrected and determined that:

- The additional daily rate be \$570; and
- The revised rate will operate from 12 January 2004, that is, the date of effect of the previous Determination.
